BOOK SYNOPSIS

This book has been written with the intent to encourage and uplift parents and caregivers of autistic children. Some children will function at a high level, while others are nonverbal and experience great difficulty with toileting skills and communication. Caring for these children is very demanding. Many parents are frustrated and might turn to other things that are harmful as an outlet. Prayer is a calm outlet that won't hurt anyone. The author understands that the demands of the day don't leave much time for reading. The prayers in this book are short and include a scripture reference. One can reflect by completing the journal question.
